

Online School

"Introduction to Geodynamic Modelling"

 15–19 September 2025

Scientific content level: Master's and PhD students

Open to all

(Eurobig network members will be prioritised, if necessary)

Program outline

- ✓ Day 1: Introduction to numerical geodynamic modeling (Taras Gerya)
- ✓ Day 2: Numerical methods (Lena Noack)
- ✓ Day 3: Modelling geodynamics: tectonic processes (Sascha Brune, Michael Pons)
- ✓ Day 4: Modelling geodynamics: mantle and surface processes (Agnes Kiraly)
- ✓ Day 5: Beyond geodynamics; towards Biogeodynamics (with open discussion) (Pietro Sternai)

ORGANIZED BY WG2_BIOGEODYNAMICS EDUCATION OF COST ACTION EUROBIG
LOCAL HOST: INSTITUTE OF GEOLOGICAL SCIENCES, POLISH ACADEMY OF SCIENCES
